

Welcoming the Goddess Within

Level 1

Facilitated by Paulette

Investment:

\$100 including workshop materials and a light supper

Connect to your Divine Feminine by allowing the Goddess Within “A Voice”

This alignment heralds in Harmony, Vitality, Truth and Compassion.

In this two hour workshop, you will connect more with your Body, Mind and Soul.

~

For level 1 you will learn about the “Innate” This is the part of you that obeys everything you think about. It bridges the gap between your corporeal body and higher self.

It is the most important aspect to familiarise yourself with. There will be discussions with what is happening in this “Ascension Phase”.

~

We’ll also discuss the sacred triad (will learn more of the other two aspects in the next workshops). To help you understand your Innate, you will receive a complimentary package comprising of a Pendulum, Divine Balance Vibrational Essence and a Bracelet to use as tools.

~

You will be shown techniques and exercises in Loving, Accepting and Honouring who you are. This helps to navigate your Soul’s Journey with the understanding of the Ascension process we are in.
